

# Alcorn Central Elementary accepts Education Grant from Exxon

Alcorn Central Elementary School has received a \$750.00 grant from Exxon Mobile Educational Alliance program. The grant will help support the schools mission to assure the safety of the student, teachers and staff at ACES. The money will go toward a security entrance in the school's foyer to restrict easy access to classrooms.

Litco Petroleum Inc, in Corinth, worked with school officials to secure the grant. The grant is one of the 2,400 available to schools across the country served by Exxon or Mobile stations. The grants were made possible by funding from the Exxon Mobile Corporation.

The Exxon Mobile Educational Alliance program is designed to provide Exxon and Mobile retailers with an opportunity to invest in the future of their communities through educational grants to neighborhood schools. Exxon Mobile believes that, as members of the community, local retailers are best qualified to work with local educators to help identify schools and programs most in need of support.

Connie Ballard, Manager of the Express Shop # 3 in Corinth, presented a \$750.00 check to Tonya Farris, principal at Alcorn Central Elementary.
